DESCRIPTION OR INDEX TO ATTACHED DESCRIPTION:

I. General Description: We sponsored activities involving engineering students and prospective students. We had a trivia competition, small design project, and a "Cold Spiking" competition.

II. Purpose & Relationship to Objectives of TBP: We worked in conjunction with campus engineering groups to introduce engineering to prospective students.

III. Organization & Administration: (in conjunction with another group? Yes No)
The entire weekend was student planned and we had 5 members on the planning committee.

IV. Cost & Personnel Requirements: \$30 was needed to purchase supplies for the design competition. We needed members to run the actual events.

V. Special Problems: The event was well advertised throughout the state, but not on our own campus.

VI. Over-all Evaluation/Results (Be specific): The event was successful, but we have many issues we can work on improving. We will take knowledge of this year's events and use them to improve the overall Engineering Weekend next year.

VII. Index of Exhibits: Poster 1 is a collage of pictures taken during our events.
